

## **Mailbox Design Standard – Recommendation**

**Greater Corona Home Owner's Association**

**Mailboxes shall be black, USPS approved, as indicated below, either:**

**Standard**  
**9”h x 7”w x 21”d Max**

**Security**  
**15”h x 11 ½”w x 18”d Max**

### **Lots Numbered 1 thru 42 and 1001 thru 1147**

Approved Standard: Mailbox shall be black and either Standard or Security style, USPS approved mailbox mounted on vertical, black, 1” x 1” or 1-1/2” dia. tube, installed per USPS regulations. Overall height of post and mailbox shall not exceed 54”. Up to two mailboxes may be installed upon a single post.

### **Lots Numbered 43 thru 268**

Approved Standard: Mailbox shall be black and either Standard or Security style USPS approved mailbox mounted upon a 16” x 16” x 54” high (overall including mailbox, above sidewalk or adjacent pavement). Mailboxes shall be placed upon or in a block pedestal with stucco faces and optional red brick accent or vertical, black, 1” x 1” or 1-1/2” dia. tube. Stucco must be painted to match base color of house. Mailboxes shall be installed per USPS regulations.

**NOTE:** Installations NOT in accordance with this standard will require a submittal for pre-approval of proposed design using the Architectural Change Request form, available on the website at: [www.coronahoa.org](http://www.coronahoa.org).
